

# Hardware for a Securely Mounting the Diversiboard

**Diversimount  
Wallmount Kit**

The part number **T-WMKIT Flush Wall Mount Kit** for **Diversiboard** facilitates flush mounting directly to any surface. Simplify your wall installation with factory provided hardware, designed specifically for the flagship **Diversiboard Projector Board** or **Diversiboard Marker Board**. The kit will work with any steel board that is fabricated with similar folded metal edges. Please see reverse diagram for clarification.

- + (1) Galvanized pre-drilled 4 hole cluster top horizontal board hanger
- + (3) 16 gauge powder-coated bottom mount steel board retainers
- + (1) Easy-To-Follow mounting instructions guide

*Powder Coating does not require a solvent to keep the binder and filler parts in a liquid suspension form. The coating is typically applied electrostatically and is used to create a hard finish that is tougher than conventional paint.*
